

PB-23 and PB-23E LIGHTED SIGNS

PB-23's are square lighted signs with silver powder coated aluminum frames and stainless steel mounting straps. The PB-23 includes dual 32-watt circline fluorescent bulbs and ballasts with thermoformed sign faces. The PB-23E includes single bulb and ballast with flat sign faces. Other options, colors, and custom sign faces quoted upon request. All signs are UL approved.
